ACKNOWLEDGEMENT

I would like to express my profound gratitude and indebtedness to my thesis guide **Dr. Vishnu Sharma, Professor** who has always been a constant motivation and guiding factor throughout the thesis time in and out as well. It has been a great pleasure for me to get an opportunity to work under him and complete the dissertation successfully.

I wish to extend my sincere thanks to **Mr. Sanjeev Siapni**, Head of Department of Civil Engineering, for approving my dissertation work with great interest. Apart from my efforts, the success of any project depends highly on the encouragement and guidance of many others.

I take this opportunity to express my gratitude to the people who have been instrumental in the successful completion of this thesis. The guidance and support received from all the members who contributed and who are contributing to this thesis, was vital for the success of the thesis. I am grateful for their constant support and help.

I thanks to all staff members of Civil Engineering Department for guiding and providing conducive atmosphere essential for academics.

Last but not least I would like to thanks my family all my friends and well-wishers who were involved directly or indirectly in successful completion of the present work.

Abhijeet Singh
